

# Photo Permission Form

Child's Full Name

Children love to see photos of themselves and their friends. So, we take photos to record activities, use in projects, and display around the school. We also use photos of the children for our private parent Facebook page to show school activities, events, and milestones. In these instances, only people who are connected to the school can see them. As a result, we have not previously asked for permission to take photos of the children.

Things have changed- we are preparing to launch our own website. We would very much like to incorporate pictures of the children on the site- our own real kids. Websites are out there for all to see, so permission is now necessary. We do plan to use pictures only, and NOT NAMES. Please read the following choices and choose the one that applies to you and your child. Please also do not hesitate to ask if you have any questions.

\_\_\_\_\_ I **DO give permission** for photos of my child to be taken for use on the parent Facebook page (access must be requested and granted by school staff) or other social media, AND on the school website and advertising. I also understand my child's name will not be used.

\_\_\_\_\_ I **DO NOT give permission** for photos of my child to be taken for use on the parent Facebook page (access must be requested and granted by school staff) or other social media, AND on the school website and advertising.

By signing, I agree that I am the parent (or legal guardian) of the child named on this form. I also understand that my child's photo can/will be taken for classroom purposes only, and that this permission applies to uses outside of the preschool. I also agree that this permission is granted as long as my child is an enrolled student, or until is revoked by me in writing.

Parent: \_\_\_\_\_

Date: \_\_\_\_\_
